Group Healing Session

With Gayle Franceschetti

Much has been written about the healing power of crystals, which, like sound, have particular vibrations which affect us on many levels! Gayle now offers a unique method of healing by combining the energies of crystals with toning, creating an individualized healing experience in a group setting.

"Testimonial (Julie)" What an amazing experience! I had fallen and badly sprained my ankle and deeply bruised my leg and had energy work done and distance healing - all of which helped - but the crystal toning was able to really shift the energy at an even deeper level and help it unwind even more - the result? the next day I only felt minimal soreness in the injured area, and over the course of the next **few days** it healed completely! Wow
