

# Timeless Mystery of Ancient Egypt

WITH *Gayle Franceschetti*

**MARCH 8<sup>TH</sup> - MARCH 21<sup>ST</sup> 2010**

Join us on our sacred journey into mystical Egypt! Expand your consciousness beyond the limitations of imagination, and experience the depths of Egypt. Embark on a profound transformational journey to integrate and embody ancient wisdom. As a multidimensional stargate, Egypt is a portal of high energy where the veils between the dimensions is thin. This enables you to activate our soul's potential through discovery, meditations, inner journeys and group experiences.

## **Itinerary**

On the Spring Equinox we will have private time at the Great Pyramid and the Sphinx where we will have a special sacred ceremony. We will also be visiting the Valley of the Kings, Abydos, Dendara, and the Temples of Karnack and Luxor. At Luxor we will board a 5 day Nile cruise visiting the Temples of Edfu, Kom Ombo, Phalie and the Elephantine Island. We will also take a camel ride into the desert of the Giza plateau and visit the solar cross. For more details see [www.return2love.net](http://www.return2love.net)
